(Reserved for controlling organisation or company)

(unless otherwise specified, the statutory provisions referred to, relate to Presidential Decree No. 633 of October 26, 1972, as amended)

INSTRUCTIONS

FOREWORD

The VAT form **IVA 26LP/2006**, which provides a summary of periodic payments made by companies participating in group VAT payments as per article 73, must be submitted by the head of the group to the local tax collection agent, together with the VAT form **IVA 26LP/2006** and any other guarantees provided by companies participating in the procedure with regard to excess credit paid.

Note that a copy of the VAT form **IVA 26LP/2006**, bearing the original signature, must be enclosed with the VAT form **IVA 26LP/2006** submitted, also if it does not contain a request for a group VAT refund.

The amounts must be reflected in euro, rounded up if the decimal is equal to or greater than 50 cents or rounded down, if it is less than this limit. For this purpose, the two final zeros have already been printed after the comma in the spaces for the amounts.

For further clarifications, please refer to the instruction booklet for the completion of the annual VAT return form VAT/2006.

TERMS OF SUBMISSION

The form must be returned by the controlling company to the local tax collection agent in relation to its own tax domicile within the terms set forth by provisions currently in force for the submission of the annual VAT return (**October 31, 2006**).

HOW TO COMPLETE THE FORM

Indicate the company name and taxpayer identification number of the controlling body or company in the upper part of the form.

The form is divided into 12 boxes. The first is reserved for data regarding the controlling company.

If there are more than 11 controlled companies, other summary forms must be used, in which completion of the first box, reserved for the controlling company, and the box "Attached to VAT form IVA 26LP/2006", must be omitted.

Each box must include

- the VAT registration number of the company to which the data refer;
- in lines 1-12, the amounts of excess credit or debt transferred from each company participating in the group payment;
- the line "Annual adjustment" must indicate, respectively, the credit or debt transferred for the annual return, resulting from the relative line of the annual return of each company (line VX2 or line VX1);
- at lines **VK22** and **VK23**, respectively, the excess debt or credit transferred, carried forward from lines **VK22** and **VK23** of the annual return of each single company;;
- in the box "Calculation of advance payment", the total amount of the resulting debts or credits transferred to the group for the controlling organisation or company for the purposes of calculating the advance payment to be made (cp. Ministerial Circular no.52 of December 3, 1991).
