

## **ALLEGATO B**

**Specifiche tecniche per la trasmissione  
dei modelli 730-4/2015 e 730-4/2015 integrativo  
all'INPS ed al Ministero dell'Economia e delle Finanze**

# SPECIFICHE TECNICHE PER LA TRASMISSIONE DELLE COMUNICAZIONI RELATIVE AL RISULTATO CONTABILE CHE I CENTRI DI ASSISTENZA FISCALE ED I PROFESSIONISTI ABILITATI DEVONO INVIARE ALL'INPS ED AL MINISTERO DELL'ECONOMIA E DELLE FINANZE (MODELLO 730-4 E 730-4 INTEGRATIVO)

## 1. AVVERTENZE GENERALI

I CAF dipendenti e i professionisti abilitati sono tenuti ad inviare, in via telematica, all'**INPS** ed al **Ministero dell'Economia e delle Finanze** (personale centrale e periferico gestito dal Service Personale Tesoro) la comunicazione con l'esito contabile delle dichiarazioni ai fini del conguaglio, a credito o a debito, da effettuare in sede di ritenuta d'acconto.

**Il linguaggio adottato è quello XML** (eXtensible Markup Language).

L'XML è un metalinguaggio, ossia una "grammatica", per la definizione di documenti da gestire con strumenti informatici. Per "grammatica" si intende l'insieme standard di definizioni e di regole sintattiche mediante le quali la struttura logica di un documento viene tradotta in una corrispondente struttura fisica, composta di elementi sintattici chiamati **tag**, ossia sequenze di caratteri delimitate dai segni '<' e '>'.

Concretamente, un file XML è un file di testo costituito da diversi **elementi** individuati dai **tag**, ciascuno dei quali identifica un componente logico del documento.

Gli **elementi** sono organizzati secondo una **struttura gerarchica**: ciascun **elemento** può infatti contenere altri elementi (**sottoelementi**) oppure del testo. L'elemento principale della struttura "ad albero" così ottenuta è denominato **radice (root element)**.

La fornitura oggetto della trasmissione telematica deve essere conforme alle specifiche dell'eXtensible Markup Language (XML) 1.0 (raccomandazione WC3 10 febbraio 1998) e deve essere codificata secondo la codifica UTF-8.

Il contenuto della fornitura xml, deve inoltre soddisfare la sintassi descritta nel file XSD denominato "**fornitura734\_Inps\_Tesoro\_2015\_v1.xsd**", allegato al presente documento.
